

CLIMATE RISK AND SECURITY IN THE MEDITERRANEAN

Italian Pavilion, Expo City Dubai

10 December 2023, 5:30 P.M. – 7:00 P.M.

Thematic focus: Climate change amplifies extreme weather phenomena that exacerbate pre-existing instabilities, especially in the Mediterranean. A mitigation and adaptation strategy is central for all countries in the region for shared security and prosperity. During this seminar, a diverse panel of experts from intergovernmental organisations, academia, national governments and civil society will elucidate, share insights and propose solutions on this matter.
