

LIFE12 ENV/IT/000633

EFSA – IPAM day

3rd LIFE-EDESIA workshop on

**Endocrine Disruptors
and alternative methods to animal testing –
a scientific and regulatory perspective**

jointly organized by

European Food Safety Authorities (EFSA)

Italian Platform on Alternative Methods (IPAM)

LIFE-EDESIA project – Istituto Superiore di Sanità (ISS)

University of Parma

February 28th, 2018

Workshop venue

Via Carlo Magno, 1A
43126 Parma PR, Italy
Room 00/M07

PROGRAMME February 28th - Wednesday

09.00-09.30 *Registration*

09.30-09.45 *Welcome address*

Hans VERHAGEN (Head of EFSA's RASA department, Parma)

09.45-10.05 *OECD and testing on chemicals: why and how a test guideline is adopted*

Gabriele AQUILINA (ISS, Istituto Superiore di Sanità, Rome)

10.10-10.30 *The 3Rs principle within the EU policies*

Isabella DE ANGELIS (IPAM, ISS, Istituto Superiore di Sanità, Rome)

10.35-10.55 *Endocrine Disruptors and the in vitro alternative methods to animal testing*

Stefano LORENZETTI (IPAM, ISS, Istituto Superiore di Sanità, Rome)

11.00-11.30 *coffee break*

11.30-11.50 *An in silico approach to Endocrine Disruptors: the QSAR view*

Emilio BENFENATI (IRCCS-IRFMN, Istituto Ricerche Farmacologiche Mario Negri, Milano)

11.55-12.15 *An in silico approach to Endocrine Disruptors: the molecular modelling view*

Pietro COZZINI (UniPR, University of Parma, Parma)

12.15-12.45 *Discussion*

12.45-14.30 *lunch break*

14.30-14.50 *Exploring hazard for Endocrine Active Substances*

Andrea TERRON (PRAS Unit, EFSA, Parma)

14.55-15.15 *In vitro development of alternative testing: from monolayered cells to organoids*

Costanza ROVIDA (CAAT Europe, University of Konstanz, Konstanz)

15.20-15.40 *Discussion*

15.40-16.00 *Wrap up*

Scientific Committee

Pietro COZZINI – University of Parma, Parma

Stefano LORENZETTI – LIFE-EDESIA project manager, IPAM secretariat, Istituto Superiore di Sanità (ISS), Rome

Isabella DE ANGELIS – IPAM President, Istituto Superiore di Sanità (ISS), Rome

Stylios KOULOURIS – Engagement & Cooperation Unit, EFSA, Parma

Acknowledgements

The organization of the LIFE-EDESIA workshops are made possible by the support of the European Food Safety Authority (EFSA) and by the Italian Platform on Alternative Methods (IPAM; www.ipamitalia.org). The event is organized within the frame of the After-Life communication activities of the LIFE-EDESIA project (LIFE12 ENV/IT/000633; www.iss.it/life; life.edesia@iss.it).
