# Project summary - SUSTAINABILITY IS HUMAN

<b>Purpose of the announcement:</b> Develop activities and initiatives aimed at disseminating and raising awareness on the issues of sustainable development and/or the circular economy.		
<b>Beneficiary:</b> Avanzi S.r.l. (Milan)		
<b>Duration</b>	12 months	
	<b>Start date of activity:</b> 01/2019	<b>End date of activity :</b> 12/2019
<b>Specific objective</b>	Mapping and collection of sustainability practices chosen from those promoted by third sector organizations, associations, informal groups, companies, foundations and cooperative, The selection of practices concerns experiences that fall into areas consistent with SDG 11 of the 2030 Agenda " Making cities and human settlements inclusive, safe, resilient and sustainable "and representative of areas such as: housing, sustainable mobility , participatory processes linked to urban regeneration processes, the protection and safeguarding of cultural and natural heritage, the promotion of the sustainable use of water resources, the reduction of emissions and the recycling of waste, the access and care of the areas green areas and public spaces.	
<b>Description of the activities</b>	Action 1. Development of the research framework	
	Action 2. Call management and mapping activities of collected files. The construction of the mapping required, in order to organize and make the results easily intelligible, a clustering of practices organized into 6 categories: Environment, Learning Communities, Circular Economy, Social	

	Inclusion, Cultural Production, Tourism and Hospitality.
	Action 3. In-depth analysis on the Lombardy Region of the collection of sustainability practices
	Action 4. Communication and dissemination of the project results.
<b>Output</b>	<p>246 cases mapped, divided into 6 clusters:</p> <ul style="list-style-type: none"> <li>- environment 26</li> <li>- circular economy 17</li> <li>- tourism and hospitality 34</li> <li>- cultural production 85</li> <li>- social inclusion 65</li> <li>- learning community 146</li> </ul> <p>Some practices have been linked to two clusters. A communication kit was also developed and made available for the mapped practices to guarantee the availability, access and networking of data and information.</p>
